Engineered for high-performance illumination and on-site versatility, the SATCO|NUVO 4-foot LED Linear High Bay delivers powerful lighting for commercial and industrial environments. Selectable wattage (200W/150W/100W) and CCT options (3500K/4000K/5000K) allow installers to easily adjust light levels and color temperature to suit the application. Producing up to 30,000 lumens with a wide 120° beam angle, the fixture provides bright, uniform illumination across large interior spaces. The durable steel housing is damp-location rated and designed for long-lasting operation with a 50,000-hour lifespan backed by a 5-year warranty. Standard features include 0–10V dimming and 6kV surge protection for dependable performance. Each fixture includes a 4-foot suspension kit and V-clips for straightforward installation, with optional PIR and microwave sensors available to support enhanced lighting control.
