SMART COLOR CHANGING UNDER CABINET FIXTURES

Our easy to install COUNTERQUICK® fixtures are a high quality under cabinet lighting solution with Smart Wi-Fi technology. The STARFISH® APP offers remote access with dimming capabilities, timers to set routines, voice control, changes to colors and temperatures in order to add style and ambiance to any occasion. Use the tunable white option to adjust illumination from warm and cozy to cool and task driven.

FEATURES

- RGB Color-Changing and Tunable White 2700K-5000K
- Mix Different Lengths to Configure Custom Installations
- Easy Keyhole Mounting
- Direct Wire or Plug-In Installation Options
- Dimmable with STARFISH® APP
- Pre-set and Custom Color-Changing Effects
- Commercial, Residential, Multi-Family

WIFI
2.4GHz
No Hub Required

STARFISH® Quick Tip

Watch a video about adjusting colors, CCTs and brightness using the STARFISH® APP

WIRING MADE EASY

Ample internal wiring space for ease of installation. Optional under cabinet junction boxes offer even greater flexibility for retrofit applications or installations in tight areas. Use the cord and plug accessory when direct wiring isn't an option or if you want a simple update without a complete remodel.

KEEPING IT CLEAN

One power source is all that's needed for most applications, making for a clean installation. Optional extension cables in various lengths interconnect fixtures across large areas, around corners and between cabinets, eliminating the need for additional wiring to the power source or outlet.

GOING TO NEW LENGTHS

The included end-to-end wire connector allows you to mix and match various sizes and to configure customized lengths for any under cabinet installation.

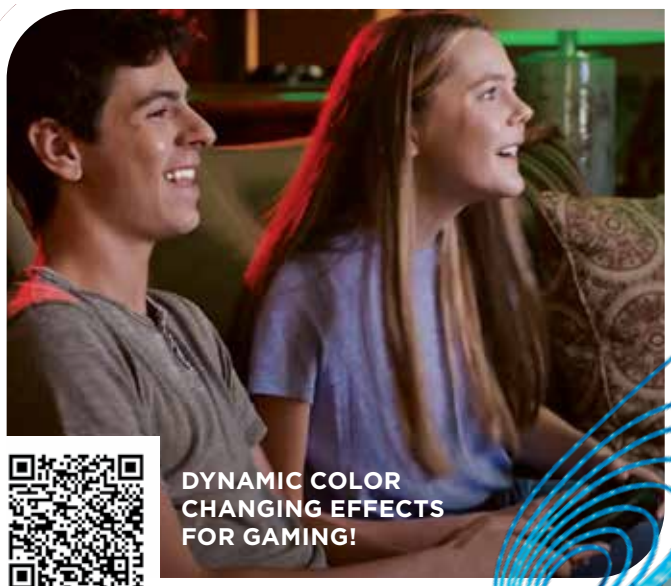
STARFISH® SMART USES

Creative Uses For STARFISH®

STARFISH® LED Smart products are a convenient way to connect, create a vibe, and bring a stylish, affordable, lighting solution to illuminate your space. The capabilities of SATCO's Smart bulbs when used with the STARFISH® APP will create an entirely immersive experience.

Add some atmosphere with dynamic RGB lights! Self-adhering tape lights are flexible and fun, use the Smart dimming and tunable white features for a soft elegant glow or to wash the room in colors for a techni-color vibe! STARFISH® tape lights fit great along the edge of your TV. Sync the lights with the sounds of your TV to give your room an entire theater vibe.

PLAN A ROMANTIC EVENING UNDER THE STARS!



DYNAMIC COLOR CHANGING EFFECTS FOR GAMING!
