PL PLUG IN TYPE A+B

DESCRIPTION

naturaLED® Plug-In LED Lamps offer a simple and smart upgrade for compact fluorescent fixtures. Built with A+B hybrid technology, they are compatible with existing ballasts or can be wired directly to a 120 to 277V line.This makes installation flexible and inventory management easy. Available for both 2-pin and 4-pin configurations with GX23, G24 and GX24 base types. Models are offered in directional for optimal light output and omnidirectional to replicate the light distribution of traditional CFLs. Color temperature can be adjusted in the field to 3000K, 3500K or 4000K, meeting the needs of both commercial and residential applications. Backed by a 5-year warranty, they deliver energy savings, long life and reliable performance in a compact form.
