LED Wrap Light

The TCP Wrap Light offers superior light output in a maintenance free fixture. With a durable metal frame, and a glare free, impact resistant frosted lens, you can install these fixtures and relax. Built to industry standard measurements, installation is quick and easy, and provides for easy upgrading.

Great Features/Benefits

- Energy efficient – Up to 56% energy savings compared to HID
- Smooth, uniform dimming (0-10V)
- Instant on, no warm up time for full light
- Long life: 50,000 hours
- Replaces traditional metal halideand linear fluorescent systems
- Heavy duty steel housing
- Ideal for:
  - Warehouses & Distribution Centers
  - Commercial Facilities
  - Aisles (Open & Stock)
  - Restrooms
  - Corridors
  - Stairwells
  - Hallways

LED TECHNICAL DATA

LED Wrap Light

Applications

The TCP Wrap Light offers superior light output in a maintenance free fixture. With a durable metal frame, and a glare free, impact resistant lens, you can install these fixtures and relax. Built to industry standard measurements, installation is quick and easy, and provides for easy upgrading.

Construction

- Housing: durable steel construction
- Finish: powder coated, post-painted white
- Large wiring compartment and multiple knock-outs to accommodate lighting controls

Electrical

- cULus damp location rated
- 0-10V dimming driver (standard)
- Easy-to-access wiring compartment
- System rated for long 50,000 hour life
- Efficiently delivers >110 LPW

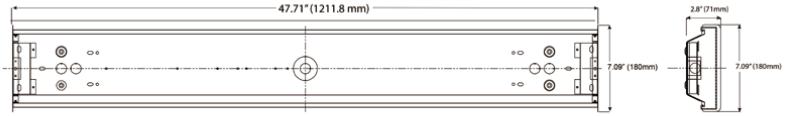

Optics

- High impact, acrylic lens comes standard to protect the LEDs and minimize glare
- Delivers bright, white light and excellent uniformity
