Hammond 5-Light Indoor Nickel Hanging Chandelier with Alabaster Glass Bell Shades

Catalog #:

Type:

Project:

Prepared By:

*Because Lighting Speaks Volumes*

## Description

Enjoy this indoor hanging chandelier's traditional, elegant design. Encased in elegant bell-shaped white alabaster glass. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. These gorgeous swirls make each alabaster shade one-of-a-kind and complementary to other alabaster shades wherever placed. Simple, clean style complements homestyle surroundings and blends in seamlessly with existing décor. Feel at ease with nickel's lasting quality and stunning appearance. High-quality nickel provides phenomenal durability and an attractive gleam. Hard surface provides top quality protection against scratches. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Outer lacquer finish provides an attractive sheen and additional layer of protection. Complements stainless-steel appliances, dining rooms, kitchens, restaurants, and many other indoor areas. Make this exquisite piece your go-to for classic elegance.
